

Superintendent and District Leader Summative Rubric 2.0 for LEA.ISD.ESA

The Superintendent and District Leader Summative Rubrics 2.0 provide administrators and their evaluators with a condensed version of each evaluation characteristic (see School ADvance Administrator Evaluation User Manual and the Superintendent and District Leader Framework and Formative Rubric 2.0). This Summative Rubric is organized around the four practice domains (Domains 2-5) and nine practice Factors for assessing the performance of superintendents, first line assistants, directors, supervisors and other district administrators. The Superintendent and District Leader Framework provides statements that capture the major elements of each domain through specific performance factors and characteristics. The Domains, Factors, and Characteristics in the Summative Rubric match those in the Framework and Formative Rubric. The Summative Rubric should be used as the basis for the summative performance assessment. The Formative Rubric should be used for formative assessment activities (e.g. self-assessment, conferencing and dialogue, observations, evidence portfolios, etc.) and to provide clarity for developing performance ratings on the Summative Rubric, informing personal growth plans, or plans of assistance/improvement.

Each characteristic in the Summative Rubric collapses several behavioral indicators listed within the Formative Rubric for each of the performance factors. Because the descriptors are collapsed, users should refer back to the Formative Rubrics when there is a question about what a Summative Rubric item means or what might be observable or documentable evidence for that item.

NOTE: Domain 1 is only provided in the Summative Rubric. There is no Formative Rubric needed or provided for Domain 1–Results, as Domain 1 is only factored into the performance review at the summative level.

Domain 1 – Results			
A. Growth targets on mandatory state academic measures (both annual and interim assessments)*			
Ineffective	Minimally Effective	Effective	Highly Effective
1A	Results on established growth targets show improvement, but fall short of meeting the targets	Results meet established growth targets	Results exceed established growth targets
B. Growth targets on other valid local academic measures including normed or criterion-referenced assessments and/or assessment rubrics, based on Student Learning Objectives (SLOs) or other locally employed analytics*			
Ineffective	Minimally Effective	Effective	Highly Effective
1B	Results on established growth targets show improvement, but fall short of meeting the targets	Results meet established growth targets	Results exceed established growth targets
C. Growth targets on valid, research supported behavioral measures associated with academic achievement*			
Ineffective	Minimally Effective	Effective	Highly Effective
1C	Results on established growth targets show improvement, but fall short of meeting the targets	Results meet established growth targets	Results exceed established growth targets
D. Growth targets on valid, research supported psycho, social, and/or emotional measures associated with academic achievement*			
Ineffective	Minimally Effective	Effective	Highly Effective
1D	Results on established growth targets show improvement, but fall short of meeting the targets	Results meet established growth targets	Results exceed established growth targets

*Growth targets should be expressed as a range rather than a single point target. If more than one growth target is set for any of Factors A-D, score each growth target separately and determine the formula for aggregating ratings on all targets for each Factor into one rating for that Factor. Also develop a formula for aggregating ratings on all Factors (A-D) into one overall Domain 1 rating applying any statutory requirements where applicable. See page 3 for further explanation. Also, see pages 3-4 for information on adapting Domain 1 for use by intermediate and regional service districts and agencies.

Additional Information on Measures and Growth Targets

Many states, including Michigan, have statutory requirements for the calculation and inclusion of student growth ratings. Users are advised to work with guidance provided by their state departments of education regarding specific statutory requirements for their state and any regulations or technical assistance to interpret those statutory requirements. The Four student growth factors of the School ADvance Domain 1 reflect the current state of the literature and research regarding student growth ratings. They also provide districts with options for identifying what student success indicators and measures to include in a local student growth rating system.

Districts are further advised to work toward a comprehensive student success and growth model. To get started, consult with the School ADvance User' Manual and Training Materials and attend a School ADvance training workshop for initial guidance. Through the School ADvance workshops and support material, users are introduced to the following process for applying the four Factors of Domain 1 to develop student growth ratings:

1. Establish a district student success model with a variety of student success indicators and measures
2. Use trend data for various student success indicators and measures to establish growth targets
3. Set ranges for achieving each growth target
4. Select and use behavioral measures as appropriate for the student population (Factor C)
5. Select and use psycho, social, emotional measures as appropriate for the student population (Factor D)
6. Develop a formula for aggregating the growth ratings for each Factor into an overall Domain 1 growth rating if required by statute or district evaluation policy*

*Growth ratings for both teachers and administrators are always estimates of a given person's influence on student success and growth. As such, they are not exact measures and should be used advisedly in combination with evidence of actual performance indicators based on demonstrated practices and behaviors. School ADvance encourages the use of multiple indicators and multiple measures to estimate student growth and success and triangulation of evidence of student growth for any given success indicator. Where districts are allowed local prerogative under state requirements for creating student growth ratings, School ADvance recommends using a collaborative process with teachers and school leaders to develop a local student success model and develop student growth targets and ratings on the basis of that model. The School ADvance GrowthPLUS resources and tools can provide additional guidance for districts that wish to develop a comprehensive student success model. For further information, go to the GrowthPLUS page of this web site.

Adapting Domain 1 for Leaders at the district level of intermediate school districts (ISDs), regional educational service agencies (ESAs), and other state or regional service providers that serve multiple local districts: The following provides guidance for ISDs or ESAs on when it is appropriate to apply each of the Domain 1 Factors:

1. If the ISD or ESA provides programs that include grade levels and subjects for which there are mandatory State assessments or alternative assessments, Factor A would apply to any administrator overseeing those programs, the ISD or ESA superintendent, and any central administrators who oversee a division that hosts such programs.
2. If the ISD or ESA provides programs that have academic student outcomes not covered by any mandatory state assessment or alternative assessment (e.g. vocational, visual and performing arts, special education programs, alternative school, or other chartered school programs), Factor B would apply as described in number 1).
3. If the ISD or ESA provides programs that have behavioral student outcomes (e.g. some special education, juvenile programs, vocational programs, etc.), Factor C would apply as described in number 1.
4. If the ISD or ESA provides programs that have psycho, social, or emotional outcomes (e.g. some special education, juvenile programs, vocational programs, etc.), Factor D would apply as described in number 1.
5. If the ISD or ESA provides **no programs that serve students directly**, Factors A-D do not apply and that ISD may want to use the Alternative Domain 1 illustrated below, in place of the standard Domain 1 displayed on page 2.
6. The following can also be used to supplement the required student growth rating in ISDs and ESAs that provide student programs and want to hold administrators accountable for both student growth and growth on non-student based quality indicators.

Alternative Domain 1 – Non-Student Based Results			
Growth Targets on One or More Non-Student Based ISD/ESA Quality Indicators~			
Ineffective	Minimally Effective	Effective	Highly Effective
	The district, division, and/or department made progress toward non-student based quality indicator targets for this cycle, but fell short of the effective performance range for this cycle	The district, division, and/or department made progress toward non-student based quality indicator targets within the performance range set for this cycle	The district, division, and/or department made progress toward non-student based quality indicator targets that exceeded the performance range set for this cycle

~Quality indicators can be developed for each division, department, and the overall organization based on a strategic plan or another means of establishing key performance indicators. School ADvance can help ISDs and ESAs establish their quality indicators and develop improvement targets.

Domain 4: Processes			
Factor B: Evidence Based Improvement			
Characteristic 1: Collaborative Inquiry			
Ineffective	Minimally Effective	Effective	Highly Effective
4B1	Establishes and participates in leadership and staff teams that examine student results and/or other department, program, school, or district level success indicators	<i>And</i> works with the leadership team and staff as appropriate to identify success indicators and measures, establish team processes for conducting collaborative inquiry, challenge assumptions, raise questions, and push for deeper understanding when analyzing data from those measures	<i>And</i> develops shared leadership to identify success indicators and measures, refine team processes for conducting collaborative inquiry, challenge assumptions, raise questions, and push for deeper understanding when analyzing data from those measures
Characteristic 2: Systematic Use of Multiple Data Sources			
Ineffective	Minimally Effective	Effective	Highly Effective
4B2	Uses multiple forms of data to develop, support, monitor, benchmark, and revise district improvement plan and/or strategic plan goals	<i>And</i> works with the board, district leaders, and/or staff as applicable to use multiple forms of data to develop, support, monitor, benchmark, and revise district improvement plan and/or strategic plan goals	<i>And</i> develops shared leadership and district expertise to develop broader use of multiple data forms, deeper analysis of the data and more strategic use of the analysis to inform strategic plan goals and improvement strategies, monitor implementation of improvement strategies and benchmark progress

Domain 4: Processes			
Factor B: School and District Improvement			
Characteristic 3: Data Systems			
Ineffective	Minimally Effective	Effective	Highly Effective
4B3	Uses and sets expectations for district personnel to use the district data collection, storage, security, retrieval, and analysis systems	<i>And</i> works with district leaders and staff as appropriate to provide training and support for district leaders and staff to learn, use, and provide evaluation feedback on the district data collection, storage, security, retrieval and analysis systems	<i>And</i> works with district leaders to use staff, student and parent feedback as appropriate to evaluate and improve the district data systems; <i>And</i> works with the staff and/or district leadership team as appropriate to use the district data systems to develop student, classroom, program, department, school, and district performance profiles
Characteristic 4: Aligned Improvement, Monitoring, and Reporting			
Ineffective	Minimally Effective	Effective	Highly Effective
4B4	Works with the board, district leaders, and/or staff to interpret and follow district improvement plan and/or strategic plan goals, monitoring processes, and reporting procedures	<i>And</i> works with the board, district leaders, and/or staff to provide training for and opportunities to evaluate district improvement plan and/or strategic plan goals, monitoring processes, and reporting procedures	<i>And</i> works with the board, district leaders, and/or staff to ensure that all district planning and improvement processes are well aligned, yield compatible improvement plans, and are supported by district data, monitoring, and reporting systems

Domain 5: Capacity			
Factor A: Human Development			
Characteristic 1: Professional Learning			
Ineffective	Minimally Effective	Effective	Highly Effective
5A1	Develops and implements a personal growth plan and assists staff in creating their own personal growth plans in accordance with the district performance evaluation and/or professional learning systems	<i>And</i> works with district leaders and/or staff as appropriate to align personal growth plans, school and district professional learning plans, and induction, mentoring, and coaching systems based on performance data, research, and the school's mission, vision, and goals	<i>And</i> works with district leaders and staff as appropriate to establish a professional learning culture and evaluate the impact of internal and external professional learning
Characteristic 2: Leadership Development			
Ineffective	Minimally Effective	Effective	Highly Effective
5A2	Works with the board and/or district leaders to involve staff in school decision making processes and develop staff, student, parent and/or community leaders	<i>And</i> provides meaningful leadership roles for staff, students, parents and community members, training to develop leaders, and mentoring and coaching to support leaders	<i>And</i> empowers emerging and established leaders, recognizes and supports their work, and celebrates their contributions

Domain 5: Capacity			
Factor A: Human Development			
Characteristic 3: Performance Evaluation			
Ineffective	Minimally Effective	Effective	Highly Effective
5A3	Ensures that district personnel understand and follow all state laws and district personnel evaluation processes and procedures including the conduct of observations and feedback and development of personal growth and/or individual development plans (IDP)	<i>And</i> works with the leadership team and/or board to align staff, principal, and central office evaluation processes with state requirements and evidence based practices and provide training and coaching to all district personnel on the district performance evaluation system	<i>And</i> works with the board, district leaders and/or staff to monitor and evaluate the district evaluation system, including evidenced based performance portfolios, supervisor and peer observations, conferencing, mentoring and coaching, and team based performance improvement
Characteristic 4: Productivity			
Ineffective	Minimally Effective	Effective	Highly Effective
5A4	Seeks out and recommends innovative and adaptive ideas for increasing productivity and effectiveness	<i>And</i> creates opportunities for district personnel, students, parents, and community members to explore, recommend and implement innovative and adaptive ideas for increasing productivity and effectiveness	<i>And</i> empowers district leaders, staff, and others to test, evaluate, and disseminate innovative and adaptive ideas that help achieve district goals and increase productivity

Domain 5: Capacity Building			
Factor B: Contextual and Political			
Characteristic 1: Contextual and Political Awareness			
Ineffective	Minimally Effective	Effective	Highly Effective
5B1	Maintains and uses current knowledge about the community, pertinent laws and regulations, and pending legislation to carry out leadership duties and responsibilities	<i>And</i> keeps district leaders and/or staff informed on pertinent information regarding the community, relevant laws and regulations, and pending legislation, and opportunities for advocacy with State and federal legislators	<i>And</i> informs the board, internal, and /or external stakeholders on pertinent information regarding the community, relevant laws and regulations, and pending legislation, and opportunities for advocacy with State and federal legislators
Characteristic 2: Education and Advocacy			
Ineffective	Minimally Effective	Effective	Highly Effective
5B2	Assists the leadership team and/or board in examining education issues, establishing district positions that advocate for the best interests of students	<i>And</i> assists district leaders and/or board in communicating and explaining district positions on education issues to internal and external stakeholders, legislators and government officials	<i>And</i> assists district leaders and/or the board in developing advocates for district positions among community leaders, state and federal legislators, and government officials, and in educating the public on issues of critical concern
